RESPONSE

Hon. Commissioner for Patents
Washington, D.C. 20231

Sir:

Responsive to the office action of February 5, 2003, Applicants request
reconsideration of the application in view of the remarks presented herein.

The amendment filed on November 21, 2002 was deemed by the Examiner not to
comply with 37 CFR 1.121(c) because the marked up version of the claims submitted
therewith did not conform to the original claims 1 to 4. Applicants are submitting
herewith another marked up copy of the claims showing that "chains" and "chain
containing from" are to be deleted from claims 1 and 4, respectively. Therefore, the
marked up copy of the claims now corresponds to the original claims with the correct
instructions to conform them to the claims as presented in the November 21, 2002
amendment.
